# INSTRUCTION

Model	Product	Code
Yamaha XSR 700 2016+	Headlight Mask for Café Racer	MCR-YXSR

You are advised to read the instructions carefully, before you proceed to any changes.  
Any modifications on your motorcycle should be performed by specialized personnel,  
however the installation process of this product is quite easy if you follow the instructions below.

## CONTENTS

- 1 X plastic mask
- 3 X plexiglass screens (transparent-yellow-grey)
- 2 X adaptors M6X22X10 (RLG-XSR)
- 2 X adaptors 8X12X11
- 2 X washers 6X18 (plastic)
- 2 X screws M6X30 (allen round head washer)
- 4 X screws M4X10 (allen round head washer)
- 4 X nuts M4 (washer)

Choose the color of the plexiglass screen you wish to install and screw it in place, using the small screws as you see in the left hand photo.

1

2  
&  
3

Undo the side screws of the headlight.

On the inner side of the headlight, remove the thread that is holding it into place – you may do that by using the screw to pull it out.

4  
&  
5

In place of the old adaptors use the new ones.

Place the headlight in position and place the adaptors on both outer sides of the headlight. You need to hold the headlight with your hands until you put the mask on.

6

Position the mask and slide through the new screws with the washers – the mask should clip on the gully of the headlight.

The end result should appear as in the photo left. Thank you for choosing one of our products. You may watch the installation video at the following link: <https://youtu.be/uVTTqIUHmKA>

**The product is for race use only**
